AZEL M. VILLANUEVA

Aspiring Software Engineer / Full-Stack Developer
Davao City, Philippines | 09567549872 | azelmv14@gmail.com
zeelll.vercel.app | github.com/Zel-jpeg

PROFESSIONAL SUMMARY

Full-stack developer with hands-on experience building web applications, mobile apps, and UI/UX prototypes. Project experience spans car rental platforms, budgeting applications, task management, and point-of-sale systems, combining clear interfaces with practical backend logic. Skilled in React, Python, Django, databases, and Figma. Seeking a software development role where I can contribute practical problem solving, thoughtful interface design, and reliable application features to a collaborative team.

DEVELOPMENT EXPERIENCE & TRAINING

LEAD RESEARCH & WEBSITE DEVELOPMENT

Training
Nearly 1 month

1 business website · US-based lead research · BG Salon

- Completed nearly 1 month of training researching US-based companies and preparing lead lists for website development services.
- Checked website availability, identified potential improvements, and recorded findings to support the team's cold-email outreach and follow-up conversations with prospective clients.
- Built 1 business website, BG Salon, as a practical training project showcasing salon services and contact information.

WEB SYSTEMS & FULL-STACK DEVELOPMENT

Project-based

5 applications · Car rentals, budgeting, task management & point of sale

- Built and contributed to 5 applications across 4 workflow areas: car rentals, budgeting, task management, and point of sale.
- Projects include Sakyan, Financify, DoneeIt, Golden Car Rental, and Verde POS.
- Combined interface design with backend logic to address practical user needs.

CAPSTONE DEVELOPMENT

Academic

1 OJT recommendation system · SkillBridge

- Contributed to 1 OJT recommendation system, SkillBridge, as a capstone project focused on internship opportunities.
- Applied software development concepts to internship recommendation workflows.

UI/UX DESIGN & PROTOTYPING

Academic / Project-based

2 UI/UX prototypes · Sakyan & PhilHealth

- Created 2 UI/UX prototypes: the Sakyan platform in Figma and a PhilHealth website redesign for an HCI assignment.
- Focused both prototypes on clear, intuitive interfaces to communicate application concepts and support usability.

EDUCATION

Davao del Norte State College
Bachelor of Science in Information Technology

SELECTED PROJECTS

SkillBridge | Capstone project
React / Python / JavaScript / CSS / Supabase / Vercel
- An OJT recommendation system connecting academic development with internship opportunities.

github.com/Zel-jpeg/SkillBridge

Sakyan | Car rental platform
React / Dart / JavaScript / Python / Supabase / Vercel
- A centralized car rental platform that brings vehicle discovery and rental journeys into one place.

github.com/Zel-jpeg/lakbaytech-sakyan

Verde Café Kiosk | Interactive ordering
TypeScript / PLpgSQL / Python / JavaScript / Supabase / Vercel
- A self-service café kiosk with menu browsing, order review, simulated payments, and digital receipts.

github.com/Zel-jpeg/verde-cafe-kiosk

Financify | Personal finance
Dart / SQLite
- A budgeting application built as part of my development journey.

github.com/Zel-jpeg/Financify

DoneeIt | Student productivity
Dart / SQLite
- A student task management app for organizing academic work.

github.com/Zel-jpeg/DoneeIt

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Python, Java, PHP, Django, Django REST Framework, Laravel
- **Database:** PostgreSQL, MySQL
- **Tools:** Git, GitHub, VS Code, Figma, Prettier
- **Security / Auth:** OAuth2, JWT

CERTIFICATIONS & TRAINING

CCNA: Switching, Routing, and Wireless Essentials
Cisco Networking Academy · Davao del Norte State College | Dec 2025

CCNA: Introduction to Networks
Cisco Networking Academy · Davao del Norte State College | Jun 2025
